WHO WE ARE

Go dodoland is a placement agency specialized in providing internships to students and graduates in hospitality and other business fields. The company was created by the founder Patricia Tortosa, a travel lover who lived in Mauritius and decided to help young people to get a first professional experience abroad.

WHAT WE DO

We offer tailor made internships worldwide to students and graduates who would like to start their career with an edge by gaining international key work experience.

WHY GO DODOLAND?

- ✦ **Work experience and employment opportunities:** the hotel industry is one of the most developing industries in the world and top international brands are offering new opportunities.
- ✦ **Personal development:** If you have not travelled to other countries before and do not know what it feels like to live abroad ... you should rethink living this experience and doing an internship abroad. It is an enriching challenge that you should live at least once in your life. This experience will teach you to live independently, will allow you to adapt easier and develop and face new situations.
- ✦ **Make friends from all over the world:** experience living and working in a new country, meet other interns and students from all over the world and, have fun!
- ✦ **Stand out your CV:** working abroad allow you to improve your professional skills and language skills so important within the tourism and hotel industry.
